Richard and Dick:

Attached is the latest version of the joint EPA/NOAA memo on closing the gaps on forestry measures in Oregon for CZARA purposes. I know you have had some brief discussions with Will about reconvening to further discuss next steps and I wanted to get this into your hands. I appreciate that we have needed to pause briefly here due to the change in administrations in Oregon, but we do need to make some progress on our discussions in the immediate future as we have grant funding decisions that will need to be made soon. My hope is that we can be on track for an exchange of letters on this in April so we can be making timely progress on this. I am happy to schedule a call as soon as you are ready so we can discuss next steps. Please let me know if you are ready for me to begin scheduling a call between four of us.

Dennis McLerran
